PROFILE

Enthusiastic Computer Science student with a solid foundation in programming and mobile app development. Quick learner focused on building scalable, user-friendly applications and exploring AI/ML.

EDUCATION

Coimbatore Institute of Engineering and Technology, Coimbatore

Bachelor of Engineering in Computer Science

2022 – 2026

CGPA – 8.20

Sri Saradha Memorial Matric Hr Sec School,Attur

XII (Higher Secondary, State board of Tamil Nadu)

2022 – 62.1%

X (SSLC, State board of Tamil Nadu)

2020 – 67.4%

PROJECT

Weather Forecast App

Developed a responsive mobile application to retrieve real-time weather data using the OpenWeather API. Implemented features such as city-based search, dynamic temperature display, weather condition icons, and humidity/wind details. Gained hands-on experience in API integration, JSON data handling, and structured UI design.

Automatic Timetable Generator

Automatically create conflict-free and optimized timetables using smart logic, and handles scheduling for multiple class sections efficiently and without conflicts. Generates shareable, printable PDF versions of timetables.

E Vehicle battery charging by using Dynamo

Dynamo system in EVs convert kinetic energy into electrical energy,improving efficiency,reducing external power reliance and supporting sustainability

TECH SKILLS

- Languages: Python, Java, C, JavaScript (basic)
- Frontend & Web: React; HTML; CSS
- Databases & Tools: MySQL; REST APIs; JSON; Git
- Other: Mobile app development; basic UI/UX; API integration

CERTIFICATIONS

- Explore Machine Learning using Python – Infosys
- Introduction to Artificial Intelligence and Basics of UI/UX – Infosys
- Programming in Java – Infosys
- Basic of Python in Hacker Rank

SOFT SKILLS

- Leadership
- Time Management
- Team Work
- Critical Thinking

LANGUAGE

- English
- Tamil

INTERESTS

- Web Development
- Learning new technologies
- Building small apps
- Poster Designing
